NEW RULES ISSUED BY RAILROAD COMMISSION

RATES CANNOT NOW BE INCREASED WITHOUT NOTICE—BULLETIN BOARD FOR INFORMATION OF PASSENGERS—LIMIT PLACED ON SWITCHING CHARGES.

The following new rules have been made by the Florida Railroad Commission:
ORDER No. 63.
RAILROAD COMMISSION, STATE OF FLORIDA.

Amendment to rule 7 of the "General Rules," of Rule 6 of the rules governing transportation of passengers, and of Rule 15 of the "Rules Governing Transportation of Freight."

This matter coming on this day to be heard, after due notice to all the railroad companies and common carriers doing business wholly or in part within the State of Florida, and the said railroad companies having been given an opportunity to be heard, and the Railroad Commissioners being fully advised in the premises,

IT IS HEREBY ORDERED AND ADJUDGED that the Regulations of the Railroad Commission be amended, effective February 1, 1905, as follows:

By substituting the following in lieu of Rule 7 of the "General Rules":
"7. In no case shall any railroad or common carrier doing business wholly or in part within the State of Florida, advance or increase any special rate or other rates without first submitting the proposed increased rate or rates to the Railroad Commissioners and receiving their approval."

And by substituting the following in lieu of Rule 6 of the "Rules Governing Transportation of Passengers":
"6. It shall be the duty of any railroad operating in the State of Florida to keep a bulletin of sufficient size at every open telegraph station along its line where such train is scheduled to stop, on which shall be plainly posted the schedule time of arrival of all its passenger trains; and when any passenger train on any such railroad shall be behind the schedule time more than thirty minutes, it shall be the duty of said railroad to promptly bulletin and keep posted at such telegraph station along its line in the direction which said train is going the time such train is behind the schedule time."
Such notice of late trains shall be bulletined not less than half an hour before the schedule time of arrival of said train, but passengers arriving upon this information will do so at their own risk.

A copy of this rule, printed in large type, shall be posted at top of bulletin board at all open telegraph stations. And by substituting the following in lieu of Rule 15 of the "Rules Governing Transportation of Freight":
"15. A charge of not more than two dollars per car, without regard to its weight or contents, will be allowed for transporting, switching or transferring a loaded car from any point on any railroad to any connecting railroad, or to any warehouse, side-track or other point of delivery that may be designated by the consignor, within a distance of three miles from the point of starting."
